

Digitized Automation for a Changing World

Delta Human Machine Interface DOP-300 Series

HMI DOP-300 Series Made for IIoT Solutions, Shaping a New Horizon for Smart Operations

The human-machine interface (HMI) plays a critical role IIoT by collecting and consolidating information while seamlessly connecting devices with management software. Delta introduces the all-new HMI DOP-300 Series , which features a dual-core high-speed processor and support for MQTT and OPC UA protocols. With built-in Wi-Fi and 4G antennas, along with an easy-to-install wireless communication module, DOP-300 Series significantly enhances connectivity, ensuring seamless data acquisition from equipment and efficient data transmission to the cloud.

Designed with a super-wide viewing angle and a full-color 24-bit display, the DOP-300 Series also features a fully laminated touchscreen panel, greatly enhancing visual quality and touch responsiveness. The combination of powerful functionality and vibrant visuals delivers an exceptional user experience.

Catering to smart manufacturing applications, the DOP-300 Series comes equipped with DIACloud services and the DIAWebDesigner web-based configuration system. This allows customers to monitor key operational data and equipment status in real time. By linking device manufacturers, system integrators, and end-users through the cloud, the system continuously accumulates and analyzes data, ensuring industry knowledge retention and ongoing production optimization.

As a gateway to IIoT, the DOP-300 Series ushers in a new era of smart manufacturing. It transforms the vision of a fully integrated service ecosystem into reality, making smart

OT+IT Ecosystem

DOP-300 Series: Building a Smart & Connected Ecosystem

The HMI DOP-300 consolidates equipment data and uploads it to the DIACloud. Through the DIAWebDesigner web-based configuration system, it enables remote management with data visualization, achieving seamless and boundless smart manufacturing management.

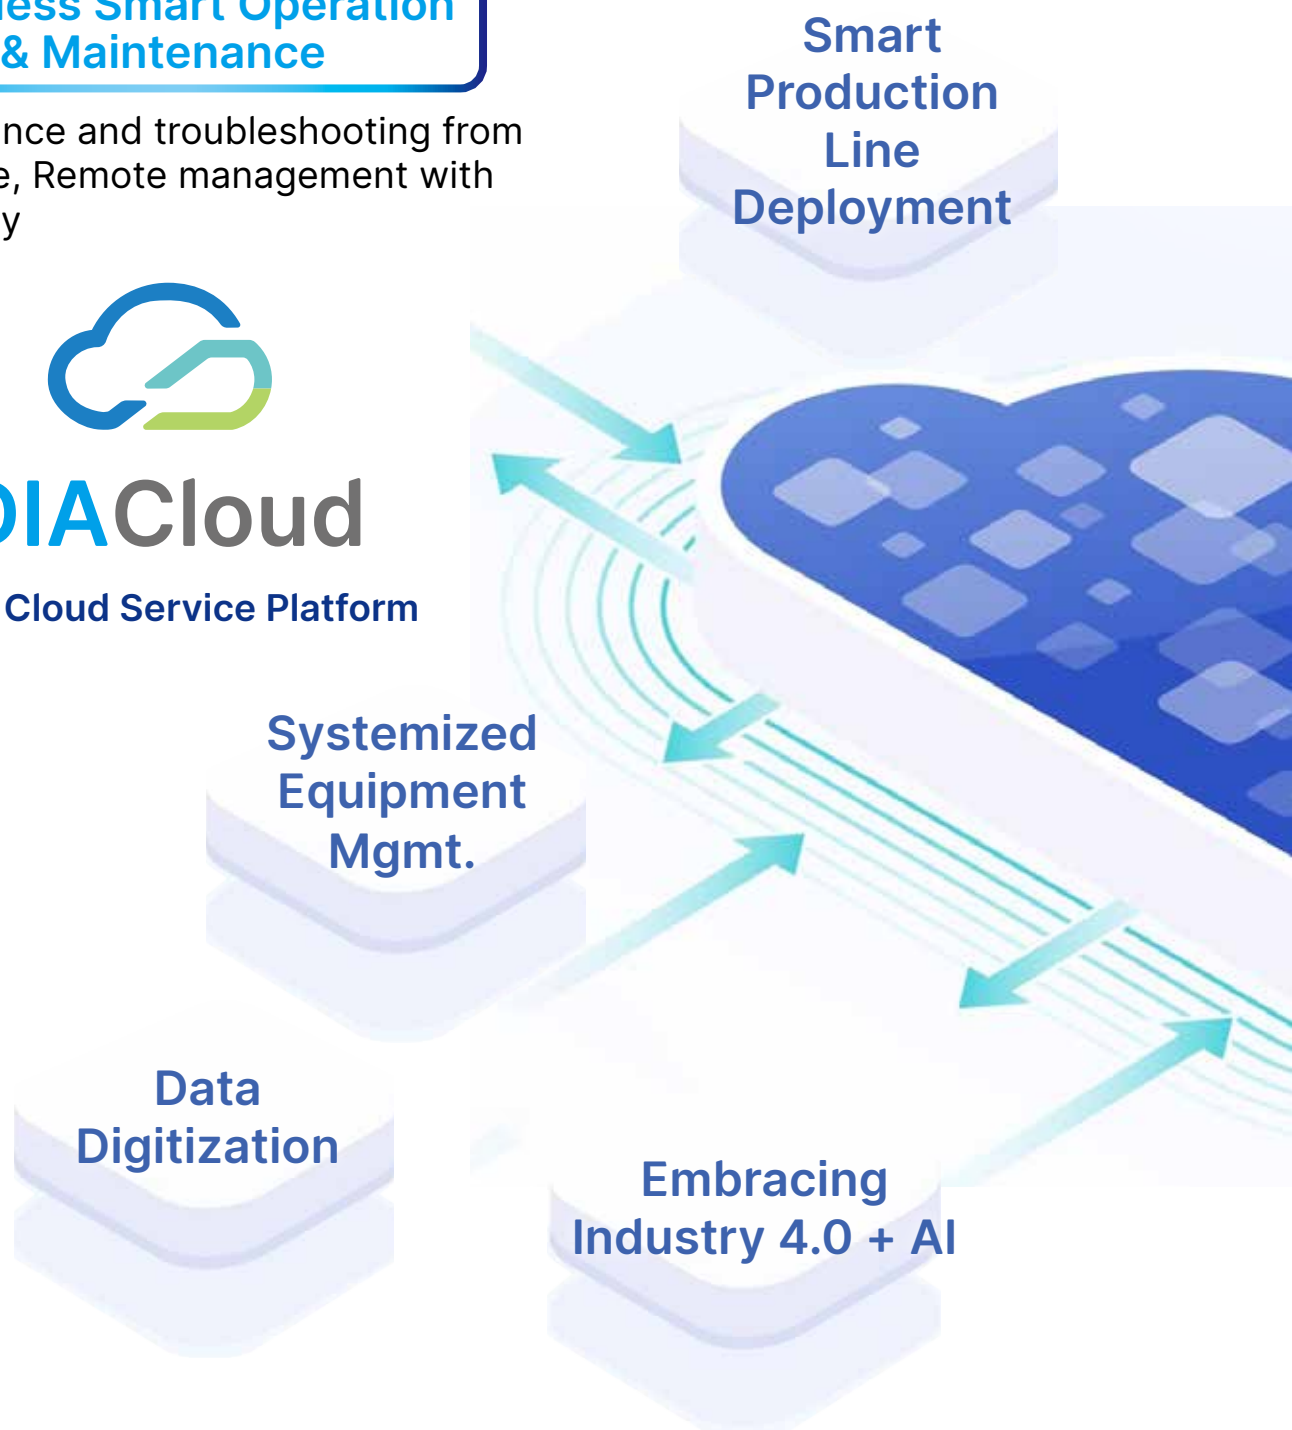

Seamless Smart Operation & Maintenance

Maintenance and troubleshooting from anywhere, Remote management with zero delay

DIACloud

Delta Cloud Service Platform

Data Visualization

Smart HMI

Delta HMI DOP-300

The DOP-300 Series HMI delivers a smoother, more intuitive operation, enhanced by advanced software features such as data integration, cloud applications, and mobile monitoring. It's the ultimate smart HMI solution for modern industrial needs.

Visualized Dashboard

With an intuitive interface design and a feature-rich data monitoring dashboard, the DOP-300 Series empowers users to effortlessly monitor and manage on-site equipment in real time.

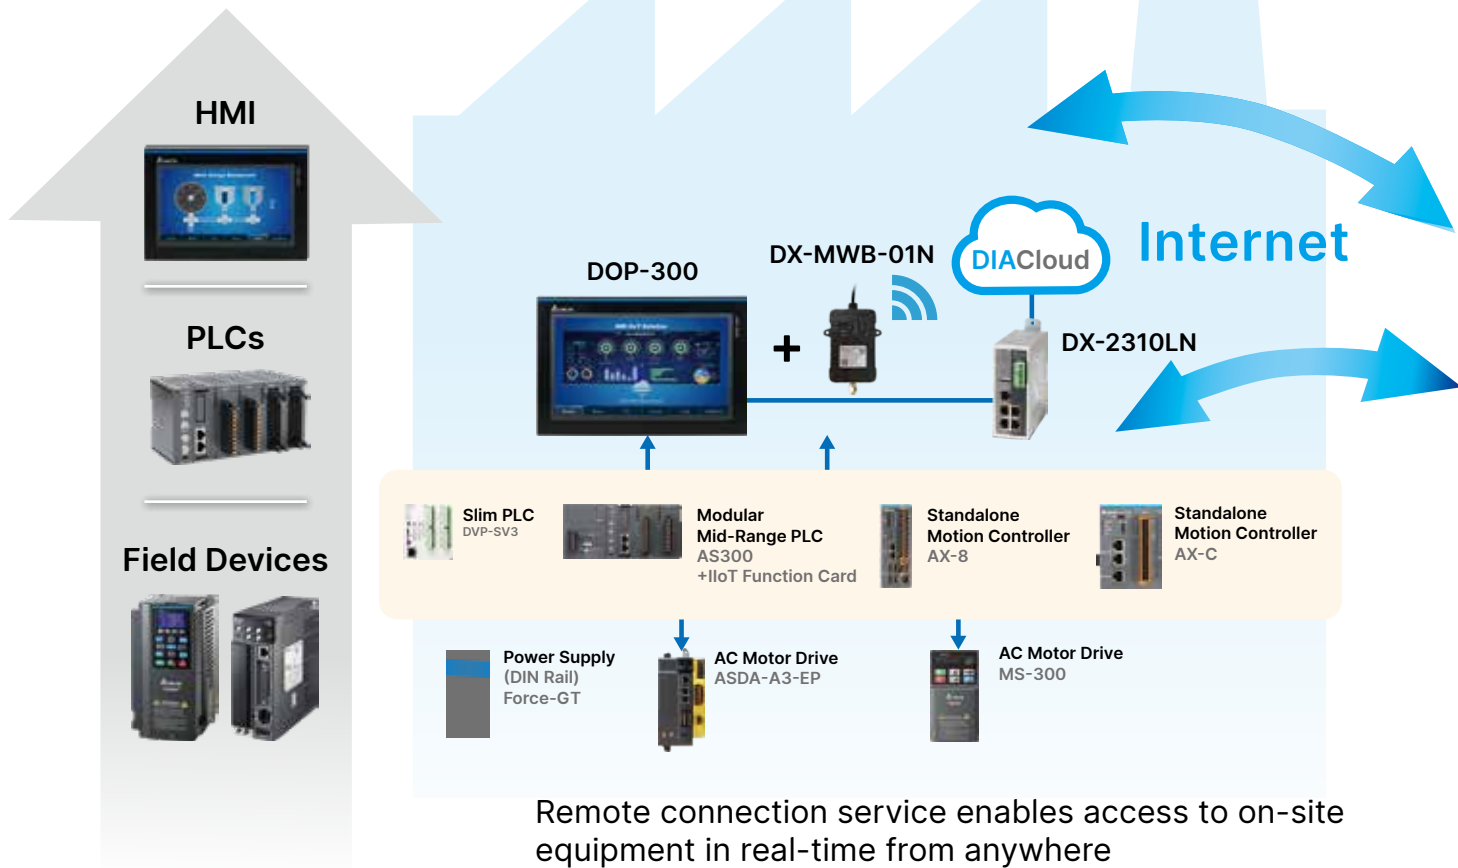

DIAWebDesigner

Delta Web Configuration Planning System

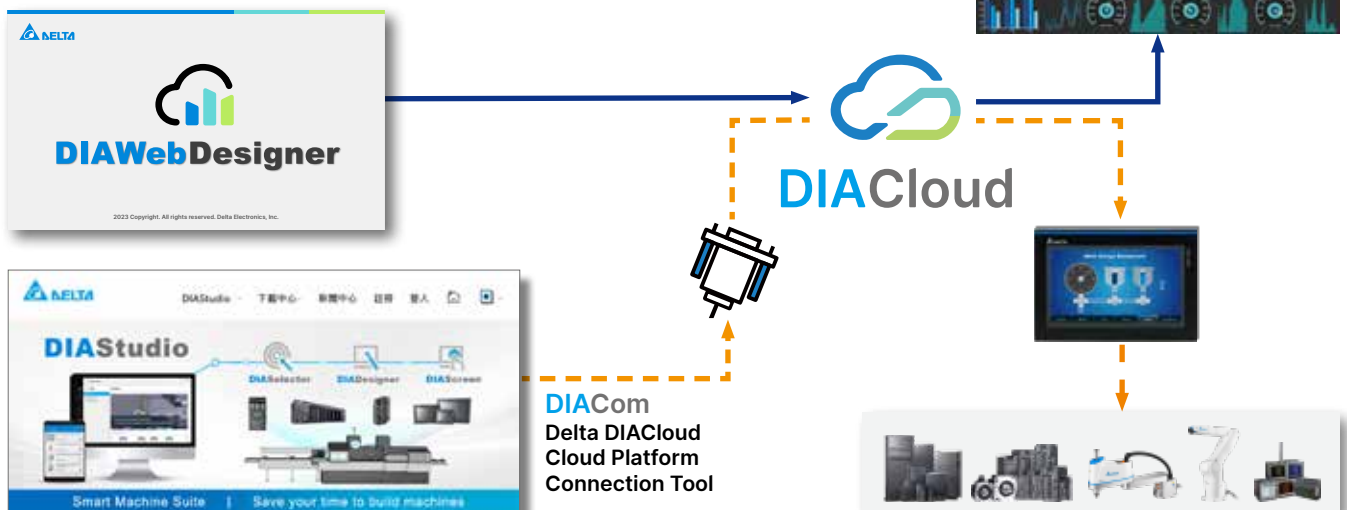

OT+IT Ecosystem

IIoT Structure

Remote Monitoring Dashboard

- Collect equipment data and design customized dashboard using rich and diverse charts

A web configuration planning system with an intuitive user interface design and easy deployment

Display data from different sources on a monitoring dashboard using rich and diverse charts

IoT Cloud Services Platform

- User-friendly web portal
- Equipment mgmt. & remote monitoring
- Safe connection with field devices
- Global services

eDIACloud App QR Code

Mobile Apps

- Easy cloud connection
- Field devices remote monitoring
- Supports bluetooth

Visualized Dashboard

- Key data analytics
- Data encryption ensures safe data transmitting
- Rich widgets and customized dashboard

Global Server Network

- Offers multi-country server deployment, the best choice for cross-border remote maintenance

AWS, Microsoft Azure, UCLLOUD, Inspur, Alibaba Cloud, HUAWEI Cloud, Tencent Cloud, China Mobile Cloud

Software Services

Smoother OT+IT Data Integration

- Supports 200+ PLC protocols
- Stronger OPC UA security encryption
- MQTT encrypted transmission, integrated with AWS platform
- Supports database connection, integrating data into IT systems

One-Click Deployment

- Cascade controllers for quick tag sharing
- Data is easy to read, search, and maintain, significantly boosting data management efficiency

Flexible & Secure Data Management

- Batch report supports flexible analytics to boost productivity
- Complies with FDA 21 CFR Part 11, ensuring data security for enhanced global competitiveness

Supported Protocols

OPC UA	OPC UA Client	Delta	Delta AS Series PLC (Modbus)	Mitsubishi	A Series / J71UC24
	OPC UA Server		Delta AS Series PLC (Modbus TCP)		A2A/A2AS/A2USH A1SH/A3N/A2ASH CPU
MQTT	Client (Publish/Subscribe)		Delta Controller ASCII		FX Series

Remote Controlling

- Use VNC Viewer to simultaneously monitor other HMIs, enhancing productivity
- Offers remote monitoring of machine commissioning, maintenance, and operation

Mobile Connectivity

- Offers flexible wireless network connection with multiple devices
- Reduced cabling saves electrical control costs & enhances space utilization
- Seamless IIoT integration with DIACloud

User-friendly UI

- Supports customized UI interfaces for enhanced visuals
- Easy for users to get started quickly

Hardware Features

Built-in Wi-Fi & 4G Antenna

- Ensures wireless IIoT connectivity

Wi-Fi Antenna

4G Antenna

170° Wide Viewing Angle

- Whether viewed from above, below, or the side, the display remains clear from any installation position

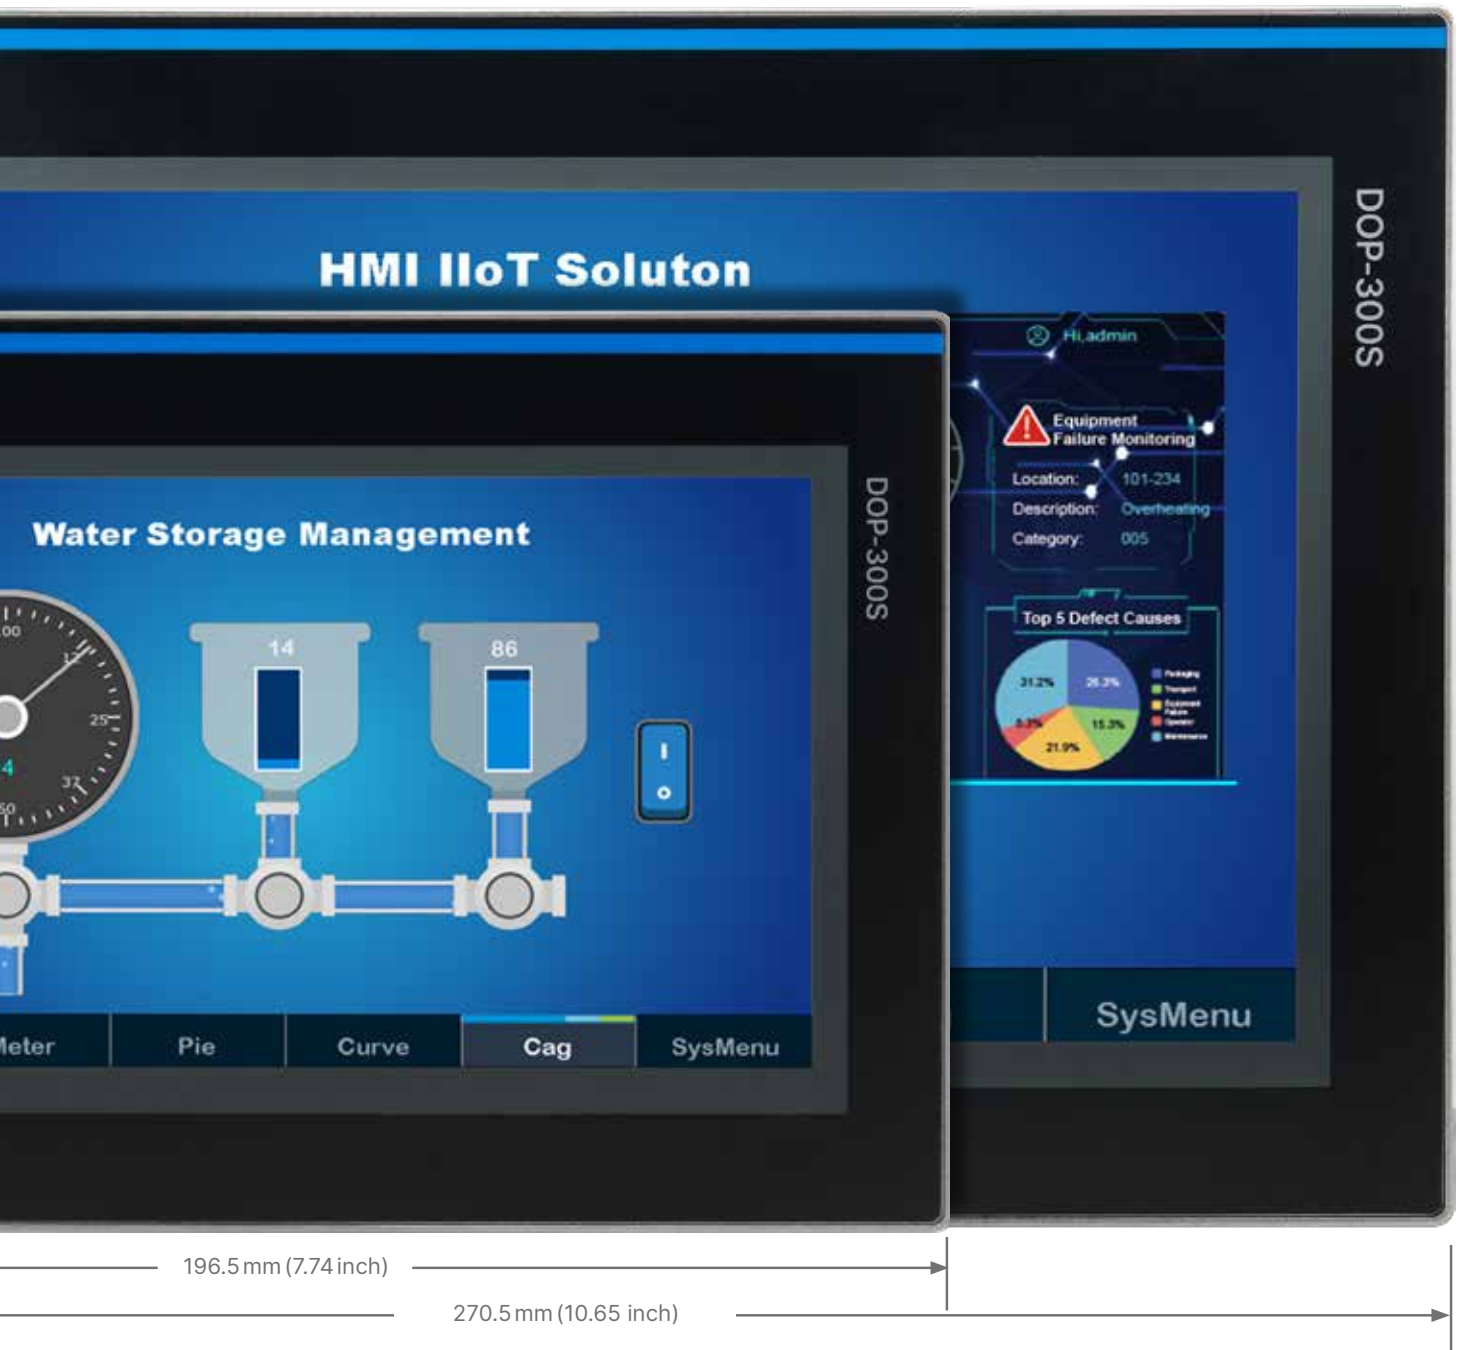

Full-color Display

- 24-bit color with fine precision, delivering vibrant and lifelike visuals

Modernized Design

- Wide screen with a narrow frame design, enhancing user comfort

Fully-Laminated Display

- Enhanced touch accuracy and sensitivity
- Enhanced texture

Touch deviation

Touch accuracy

Product Features

Multiple Interfaces for Easy Connectivity and Expandability

RF Functions*	Frequency Bands
LTE*	B1/B3/B5/B7/B8/B20/B38/B40/B41
Wi-Fi*	2.4 GHz 802.11b/g/n

* To have perfect RF functions for the DOP-300, the Delta Wireless Dongle is highly suggested. For more information on the Delta Wireless Dongle, please refer to page 17 "Ordering Information/Optional Accessories"

Wireless Communication Accessories**

- Built-in HMI antenna for streamlined setup and fast networking, saving space in your control cabinet
- Snap-fit cover design for easy assembly and quick battery replacement

Wi-Fi and Bluetooth Module
DX-MWB

- Easy accessory installation

**For related optional accessories, please refer to page 17 "Ordering Information / Optional Accessories"

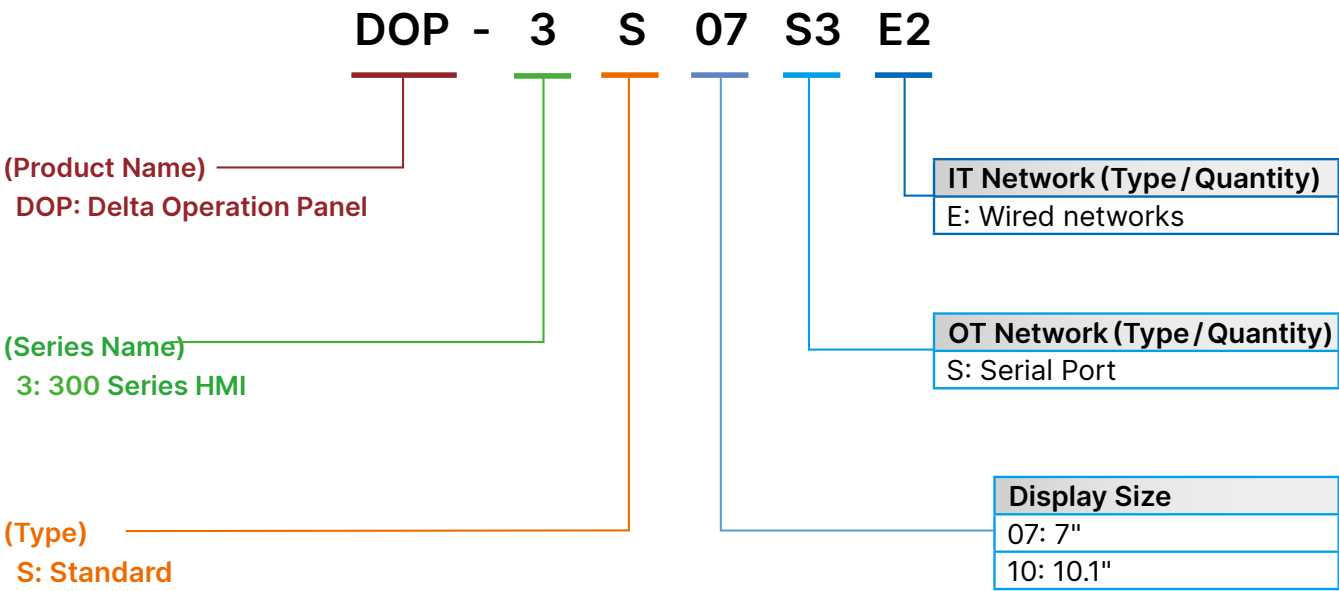

Specifications

Model		DOP-3S07S3E2	DOP-3S10S3E2
Display	Display Type	7" TFT LCD (24 bits)	10.1" TFT LCD (24 bits)
	Resolution	1024 x 600 pixels	
	Back Light	LED Backlight (half-life > 20,000 hours at 25° C or 77° F)	
	Display Area	154.21 x 85.92 mm	222.72 x 125.28 mm
	Brightness	400 cd/m ² (Typ.)	
CPU		ARM Cortex-A7 Dual Core 1.2GHz	
Flash ROM		512 Mbytes	
RAM		512 Mbytes	
Touch Panel		Four-wire resistor	
Buzzer		Multi-Tone Frequency (2 k ~ 4 kHz) / 80 dB	
Internet Interface		2 Port, 10/100MbpsAuto-detection (with built-in isolated circuits)	
USB Host		1 Port USB Ver 2.0 Type A 5V/1,000mA; 1 Port USB Ver 2.0 Type C 5V/500mA	
USB Slave		N/A	
SD		Micro SD	
Serial Communication Port	COM1	RS-232 (supports flow control)	
	COM2	RS-232/RS-485	
	COM3	RS-422/RS-485	
Auxiliary Keyboard		N/A	
Calendar		Built-in	
Cooling Method		Natural Coling	
Certification		CE/UL (please use shielding Ethernet cables and COM port magnetic rings with filters of 300 ohm/100 MHz)	
Panel Protection Rating		IP66/NEMA4/UL TYPE 4X (Indoor Use Only)	
Cyber Security		ISO 27001、ISO27701 IEC 62443	
Operating Voltage ^{*3}		DC +24V (-15% ~ +15%) (PLEASE USE ISOLATED POWER SUPPLY) SUPPLIED BY CLASS 2 OR SELV CIRCUIT (ISOLATED FROM MAINS BY DOUBLE INSULATION) EVALUATED BY UL60950 OR UL61010-1 AND UL61010-2-201 STANDARD	
Voltage Endurance		AC 500V for 1 minute (between DC24 and FG terminals)	
Power Consumption ^{*5}		14.7W (Max)	16.2W (Max)
Backup Battery		3V lithium battery CR2032 x 1	
Backup Battery Life		About 3 years or more at 25°C (77°F) (subject to operation temperature and condition)	
Operation Temperature		0°C ~ 50°C	
Storage Temperature		-20°C ~ 60°C	
Operating Environment		10% ~ 90% RH [0°C ~ 40°C], 10% ~ 55% RH [41°C ~ 50°C], pollution level 2	
Vibration		Complies with IEC61131-2 standards: continuous vibration from 5Hz to 8.3Hz with an amplitude of 3.5mm; 8.3Hz to 150Hz at 1 G	
Shock		Complies with IEC60068-2-27 standards: shock resistance of 11ms, 15G peak, 6 times in X, Y, and Z directions respectively	
Dimensions (W) x (H) x (D) mm		196x136x39	270x180.9x47.25
Mounting Dimensions (W) x (H) mm		186.8x126.8	255x170
Weight		Approx. 880g	Approx. 940g

Notes:

1. The half-life of a backlight is defined as the original luminance being reduced by 50% when the maximum driving current is supplied. The estimated life is at 25°C
2. Insular circuit endurance: 1,500V spikes for 1 min
3. Power consumption refers to the power consumed by the HMI itself with no peripheral devices. A power supply with a capacity of 1.5 ~ 2 times the labeled power consumption is recommended to ensure proper operation.
4. An isolated power supply is recommended.
5. For the operation manual of the HMI editor software DIAScreen, please download from Delta's official website: <http://www.deltaww.com>
6. DOP-300 Series is designed for industrial automation products. Please read the instructions carefully before installation to ensure safety
